Knaus Owners Club

You are now the owner of a great vehicle -

Why not join our Club?

Send off for details right away

We look forward to meeting you ..

Now that you have shown how discerning you are by purchasing a **KNAUS** motor home, why not meet and join up with other like minded people?

Presenting the flag at the very first club meeting.

The Club was started in 2002 by Bill & Jean Sier and through their enthusiasm the club has been established and we now have a healthy membership list.

We plan to meet up about four times a year and aim to hold the Annual General Meeting in September at the Lincoln Motor Home Show. Other meets and rallies are at major shows or commercial sites throughout the country.

The Web Site -

Thanks to the dedicated work of some of our members the Club has it's own website at :-

www.knausowners.com

Here you will find a variety of sections of interest to all Knaus Club members.

There are journeys people have made with notes on sites and places of interest. A host of tips people are happy to pass on about tyre pressures, the 5th gear and boiler maintenance. In addition members sometimes post up invitations for others to join them when they are away on trips which means there is a chance to meet up, socialise and exchange news and views.

The Newsletter

The Club issued the '**KNAUS KONTAKT**' at intervals during previous years which was aimed at members who were not on the web. If you do not have an email address we can arrange for back copies of the newsletter to be sent to you. The newsletter has now been replaced with a **facebook** group.

The assembled vans looking very smart at a meeting.
